Hi Jessica,

Were you able to do the audit on your end?

I think that before we can proceed any further it's necessary that we agree on the total amount. If you have doubts about any of the entries in my list I can provide you with official records from my bank.

I look forward to your prompt response.

Best,

Carl

Hi Carl,

I had reached out last fall. Your inventory remains on our shelf. In my email from the fall I mentioned being able to pay your refund back over time, \$50,000/month. We're unable to pay the entire amount due at this time but would like to work something out with you.

Additionally, our records are not consistent with what you show outstanding. We will have to do an audit on our end.

Best,

Jessica Gritzan

Hello,

I have been reconciling my accounts for the past year and am writing to you again, more than half a year later, because I have yet to receive the refund that I am due from you.

The refunds for the following orders are still outstanding:

Date	Order No.	Amount
17/06/2018	2860	\$67,000.00
18/06/2018	2865	\$63,650.00
26/06/2018	2981	\$167,500.00
<b>Total</b>		<b>\$298,150.00</b>

I note that I have not received a single BCU1525 from Squirrels Research till this date. As such there is no question in my mind that I am owed this amount in full.

Please could you check your records and reply to me within the next week with a clear acknowledgement of the amount of the refund that is owed and how and when you intend to transfer it to me. I shall otherwise be forced to exercise my right to legal recourse.

It has been almost seven months since you agreed to a refund, and I see no reason for further delay.

Best regards,

Carl Forsell

Hi Carl,

We will be issuing refunds soon, I do not have an exact date yet.

Could you fill out one of these refund surveys for also?

Dear Jessica,

Please disregard my previous email, which I sent from an address that is not one of those we've been using hitherto.

In light of the BCU1525 delivery delay, and encouraged by your response to this, as announced and reported in the fpga discord, I am requesting a refund for 85 of the 89 BCU1525 (No RAM) boards I have on order with Squirrels Research via the fully paid and confirmed invoices 2981, 2865 and 2860.

Please could you provide me with the a reasonable timeframe as to when I could expect to receive the refund money in my account.

Best,

Carl
